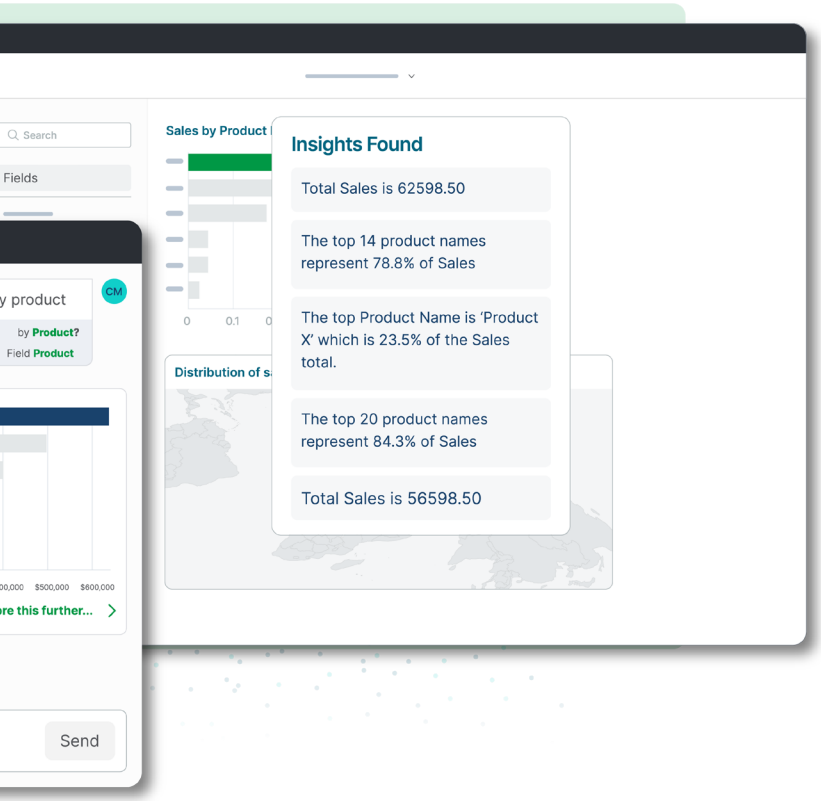
Cloud Starter Services

Introduction

Ready to leverage the scale and cost efficiencies of analytics in the cloud while empowering your organization to make better data-driven decisions with Qlik Analytics? The right guidance and expertise makes all the difference to getting started on a successful journey with modern, AI-powered analytics in the cloud.



Qlik Cloud Starter Services accelerates your time to value with consulting and education services that get Qlik Sense up and running in the cloud, faster. Whether you're new to Qlik or looking to move existing applications to the cloud, we'll help you both optimize the performance of your analytics and maximize your investment in our solutions. You'll also have continuous access to help and support resources along the way.

We help you move your analytics to the cloud

Our Qlik Customer Success organization is world class, offering expertise and guidance to ensure our solutions help you achieve your cloud goals. As a true partner and thought leader, we are committed to extending our innovative, fully SaaS-enabled product roadmap with best-practice services that keep your business strategies ahead of your competition's.

Our Cloud Starter Services Packages

We deliver the best mix of services and resources to get you successfully started and on your way. All you need to do is choose the package that augments your in-house capabilities and best suits your needs.

	New Client	Qlik Sense Client	QlikView Client
	If you are new to Qlik, or if you don't need to integrate to an existing estate	If you are a Qlik Sense Enterprise Client and wish to migrate to Qlik Cloud	If you are a QlikView client and wish to migrate to Qlik Cloud
